Municipal Budget Statements
of the Mysore Dist for the
year 1880-81

Q
Indexed

Letter no 1740 dated 13th Feby 1880 from
the Deputy Commissioner Mysore
District Submitting explanation
with reference to certain Remarks
remarked on this Office Do.
M. 1664-69 of the 31st Jany 1879
Suppl 91.

Para 2. Perhaps the proposed Reservoirs
will be carried out in the next
off year — This will be borne
looked into when the Budget are
passed.

Para 3. The provision made in the
Budget was 1081 — This amount
is stated to be a mistake as
264 Rs the charges of the Seringapatam
Municipal Lotts were erroneously
included in the total — This
reduces the amount to 817. out
of which a Saving of Rs 260 is
proposed to be effected along
537 as to remain — Even this
appears to be a heavy charge.
if the Dy Com'r acted on the
suggestion that a Cadet might
was sufficient as in this
~~Incumbent~~ District.

Para 4. The original Budget provided
a lump sum of Rs 2508 — the
total of the details amount

Provided is 2304 which is a clerical error: it ought to be 2484 — The difference of 24 Rs is not explained It was probably a provision for contingencies. The number of Peons is 4 as stated by the Dy Com^r, but was inadvertently mentioned as 7 —

The Conservancy charges in Hegdadevankotah are stated to amount to 1200 Rs while in the original Budget only 960 Rs are shewn — There is thus a clear excess of Rs 24 over the Budget provision — This requires explanation

Para 5:- It is clear that the charges in the Municipal have not been revised: This is a point which will have to be looked to when the next Budget is passed -

Para 6 — The statement of the Dy Com^r that more only 2 Carts and 3 in the Hunsur Municipality is opposed to the information contained in the enclosed Statement which shews in 1878 which shews 3 Carts — Probably one cart was required Collection but of this, no doubt can be ascertained — The Dy Com^r —

It should however be remembered that there is an excess of 72 Rs over the head Conservancy —

as Compared with 1878-79. Vide detail given in margin — Assessment on Parab. only the charges ~~same~~ of lighting have been given but not those connected with Dispensary.

Paras 7 & 13. — The D.M. states that the charges of Mr Seringapatam Municipality do not admit of reduction — He does not appear to have taken into consideration the remarks made on the subject.

The principal object with which the instructions ~~contained~~ contains in this Office No 664-69 were issued, viz that of reducing Expenditure in 1879-80 so that the small balances of former years might not be trenched upon ~~does not~~ has not been realized — The D.M. has taken so long to reply to the Proceedings so that the ~~for~~ official year of ~~for~~ which the Budgets were criticized, has passed ~~nearly~~ one ~~month~~ Budget as originally contemplated. The expenditure has been incurred

Deputy Commissioner's Office

Dated Camp Heggaddevankote

To

The Revenue Secretary to the
Chief Commissioner of Mysore

Sir,

With reference to Chief Commissioner's Proceedings No 1664-69 dated 31st July 1879. No 91 received with the Commissioner's docket No 406 of 15th August 1879, I have the honor to report as follows:-

Para 2 The establishments maintained for collection of octrais in the minor Municipalities being abolished, Shanbogues can be deputed for the purpose

Para 3 The details of head office charges are as follows

Office	Establishment	Pay	Cost per annum	
Deputy Commr's Office	Clerk	35	420	
Do	Gumasta	15	180	600
Commissioner's Office	Clerk	"	80	80
Treasury	Clerk	10	120	120
Dy Commr's Office	Contingencies	1	12	12
Amount provided on account of unforeseen expenditure			5	5
	Total			817

Of this the Clerk in the Commissioner's office is abolished shewing a saving of Rs 80, the establishment of the District Office may be reduced to 1 Clerk at Rs 25 shewing a saving of Rs 300, and the allowance to the Treasury may also be reduced to half being Rs 60. The Contingencies to remain unaltered The difference, 264 Rs, was the pay of the Clerk and Contingent allowance of the Senguapalam Municipal establishment erroneously entered as a Head Office charge

Para 4. The details of Conservancy charges referred to in this para were given in the Budgets originally submitted to the Deputy Accountant General, by whom, it was presumed, they would be placed before the Chief Commissioner at statement shewing the particulars is however submitted The number of Peons as regards Senguapatam Municipality was 4 as entered in the Budget, and not 7 as shewn in the printed Proceedings

Para 5. The fixed charges in the Nagapatam Municipality may be reduced as follows

Conservancy Establishment

5 Sweepers at 4 Rs each	240.	.
1 Bullock @ 6	72	.
Head office charge	58.	.
Dispensary Grant @ 1/3	144	.
	514	.

Cost of oil @ 3 Rs. - - - 36/-

Para 6 There are only 2 and not 3 carts in the Amsur Municipality as per Budget forwar and this allows of no reduction. Details of lighting are given in the margin*. The head office charges may, as above stated, be reduced and the Board has been requested to reduce the detrai establishment to 1 manigar and 2 Peons, which is suggested as sufficient.

Paras 7 to 13. The Seringapatam Municipality has been requested to reduce the Conservancy establishment of Peons from 4 to 2 and call the Daffedars Head Peons. This provides for 2 Peons only for Ganjam and Seringapatam respectively in charge of the Conservancy establishment and the Overseer over both towns. As the detrai establishments have both the Roads and Ferries in the two separate towns to guard and 5 Kattays the village officials cannot take over the work now, and I think the establishment scarcely admits of further reduction.

Para 14. The details of the sum of Rs 1,012 under the head "Miscellaneous" are given below.

Incomplete work of 1 Bundsheere box drain	756 " 4 " 0
Contingencies of the Chief Comrs Office	12 " 0 " 0
Unforeseen expenditure	243 " 12 " 0

A circular issued as ted, regarding

As resolved by the Board at its meeting held on the 13th Decem 1879, provision has been made in the ensuing year's Budget for the of a gardener to loo

Lying in Hospital at Mysore, and
the Chief Commissioner's sanction
for the same is solicited.

A Darogah on a salary of
Rupees per Mensem was entertained
about 6 years ago to collect fees
from the Butchers of Chandy
and Cadkar Mohallahs, for the
slaughter of sheep & Goats & Cattle,
in the slaughter houses. After
the completion of the Chandy Market
the same Darogah was appointed
to collect rents & fees in that Market.

Board having found that the
of the Darogah is inadequate
his hard work, recommended
to Meeting held on the 10th January
880, that his pay be made equal
that of the Dasara Mohalla
by giving an
increase of one Rupee per Month
his present salary. and accordingly
has been made in the
year's Budget. The Cost

sanction is therefore solicited for the same.

The Cost under the head "Office Charges" is reduced in the ensuing Year's Budget by Rs 120 which was hitherto paid as remuneration to the Havaldar Clerk employed in the late Salsette Commissioners office.

5 A sum of Rupees 18450-"-" and 8000-"-" is provided in the Budget for the Year 1880-81 under the heads "Original works & Repairs" respectively as will be seen in Budget statements No. I-A-II. The necessary estimates for the same will be submitted in due Course.

9 It is of the greatest importance that the Municipality should carefully guard against the collections made from the people being needlessly spent on establishments. The establishments under the head of "Conservancy" as noted in the margin are very large. The Separate Inspectors on small pay are now employed

employed in addition
to peons for superintending
the sweeping establish=
=ments in the several
Wards as may not be
advantageously replaced
by a single responsible
Conservancy Inspector.
For which work the
Assessor newly sanctioned,
who can have little
to do for a greater
part of the year, may
perhaps be made
available. The provision
of £115 per month now
existing for an
overseer will be required
for providing professional
Superintendence for the Munici=
=pal Works and is
therefore transferred to
that head=

D. A Committee of the Board
might usefully investigate
the manner in which
the very large establish=

Sorters, Scavengers & Conservancy
are now employed, in
order to secure the
thorough cleanliness
of the town & the narrow
& lanes
minor Streets, as well as in
the main Roads, at a
minimum cost. The
Result of this investigation
should

a report should be
whether this system work
well, & whether more men

should be reported. Meanwhile the additem to the Establishment of Sweepers, applied for, is condeminally sanctioned.

11 The Lighting charges amounts to Rs 5300, comprising of Rs 600 for the pay of 10 Lamp-lighters on Rs 5 per mensem & Rs 4900 on account of oil &c. The number of Lights should have been stated.

12 Details should also be furnished for the provision of Rs 500 made under the head "other miscellaneous items".

13 The balance in reserve is considerable, but it will be hereafter required for the large improvements which the town stands in need of. A portion of it may be employed for the purchase of the lands lately sanctioned, for the further extension of the town towards the Railway.

14 The collections and charges in future should be arranged and entered in detail under the several head and sub-heads shewn

in the table at 7
para 1 above.

Sir,

In continuation of this Office letter No. 330 dated 15th April last I have the honour to submit on original docket No. 195 dated 5th instant from the Deputy Commr. Mysore District together with enclosures (the Budget Estimates of the Taluk Cutcherry Municipalities of that district for the year 1880-81 as per margin) and to report that the actual receipts for the year 1878-79 and six months of that year and of 1879-80, and the expenditure for 1878-79 have been correctly stated therein.

The Budget of the Hoonsur Municipality has been returned to the Deputy Commissioner for certain alterations. He has at

been requested to [illegible] whether the provision made for Mohturfa collections in the Budgets of the Minor Municipalities now submitted, represents the moiety or the entire collections, the basis of the calculation not being given.

I beg to draw special attention to the late period at which these Budgets have been submitted by the Deputy Commissioner. They came first with a Docket dated 31st March and being incorrectly prepared were returned to him with my Docket of 15th April They come again a month later and are still imperfect. No explanation has been given of the delay although they were due in December 1879 and 2 months of the new year have passed away.

I have the honor to be

Your most obedient Servt.
